Judge Greene Hears Several Matters

**Stonington Recount and Water Case—Plainfield High
Tension Line and Reassessment of Sewer Benefit Set
Down for Further Hearing.**

On matters which he heard in cham-
bers on Saturday, Judge Gardner
Greene was busy nearly all of Satur-
day at the law library. There were
cases from Plainfield, Norwich, and
Stonington, but all have gone over for
future hearings, although some pro-
ceeds have been made in two of them.

At ten o'clock the first matter to
come up was that of the condemnation
proceedings of the Mystic Valley Water
company, and Attorney Hull and
Perkins conferred with the judge re-
garding a date for the hearing of the
matter, and it was decided that De-
cember 26 would be a proper time and
it will be held in this city.

The matter came up again was the
appointment of a committee to fix the
damages for the property owners in
Plainfield, where the water company
damages have been paid the highest
tension line of the Narragansett Electric
power company pass in front of their
property. Attorney Robinson, Brown-
ing and Thayer are interested in this
matter and after a demurrer was
sustained, the matter was set down for
the hearing, which should be held upon
the matter of the appointment on De-
cember 26 at 10 a. m. in this city.

For the reassessment for the sewer
benefit in Eleventh street asked for
by the heirs of the estate of Zebulon
Robinson, Attorney Robinson, Brown-
ing and Thayer appeared before Judge
Greene, the former being the
plaintiff and the latter the defendant.

The matter went over for a further
hearing, however, on January 21, in
order to allow time for a reply to the
petition. The Stonington matter, how-
ever, was not heard, but was not opened.

Sensors by Direct Vote.
If the full committee of the judi-
ciary sustains the action of its sub-
committee, the senate will be
face to face with a resolution provid-
ing for a constitutional amendment
for the election of senators by a direct
vote.

Yesterday the sub-committee, con-
sisting of Senators Borah and Dilling-
ham, reported to the full committee
the resolutions proposing such an
amendment favorably. Senators
Borah and Dillingham made a majority
report and Senator Dillingham the mi-
nority report.

The resolutions will be called up
before the full committee next Monday
and it is believed that the committee
will sustain the action of the majority
of the sub-committee.
